

# TANK OR TANKLESS, RHEEM QUALITY SAVES YOU MONEY

ClimateCare is Ontario's largest cooperative of local, independent heating and cooling retail contractors. CLARITY by ClimateCare exclusively sells, finances and installs best-in-class hot water heaters by Rheem, North America's largest manufacturer of water heating products.

## RHEEM TANKLESS HOT WATER HEATERS: EARTH-FRIENDLY, CONTINUOUS HOT WATER

Tankless is the most Earth-friendly choice and the most budget-friendly over time. Tankless heaters save energy by instantly heating water only when you want it, and only the water you use. No tank also means a continuous, unlimited supply.

- Typically lasts longer than tank-type heater
- Economical in the that you only pay for what you use
- Smaller unit allows for it to be installed in more places when space is limited
- Temperature can be changed per need (i.e. lower for baby's bath, higher for dishes)

## PRESTIGE® RTGH TANKLESS WATER HEATER SERIES

### Efficiency

- .93 UEF with stainless steel condensing heat exchanger
- Intelligent electronic controls increase energy efficiency and safety

### Safety

- Exclusive Guardian OFW™ overheat film wrap
